### *Professional Experience:*

- worked in State Housing corporation Ltd a govt based subsidiary org of AP as specialist in Preparing, Transforming & reporting services on different tools from September 2017 to June 2021.

### *Project 1#*

---

#### *Role: Developer & Operatons*

- Its govt based organization with aim to fulfill the Own House desires of people who are under EWS (Economically weaker section).
- Preparing adhoc reports and to maintain daily,monthly ,quarterly & annual scheme wise reports
- State govt giving all the eligible & applied People a full subsidiary loan for construction of houses under rural areas, schemes such as PMAY(Pradhanamantri Awas Yojana) ,NTR Rural Housing from sep 2017 to Mar 2020.

#### *Responsibilities:*

- It is needed to identify the levels of process through the data i.e. all the beneficiaries who are in the scheme the process of construction of Houses
  - **Geotagging Reports:** Involves Geotagging of Houses at five Different stages i.e. at BL, LL, RL, RC, COMP and also the generation of subsidiary amount for the different stages as allocated by govt, using the geotagged app “APSHCL” & Bhuvan HFA.
  - **Audit reports:** As convergence with MGNREGS (Mahatma Gandhi National rural employment guarantee scheme) & construction of Toilets
  - **Daily Reports:** Scheme processing, Beneficiaries reports, Events by Govt etc
  - **Surveys Reports:** As surveys has been conducted by Govt of India.
- During this process resolving of issues and to make the schemes success there is a need to identify all the anomalies, this will be possible only through analyzing the data.

### *Project 3:*

---

#### *Role: Developer & Operatons*

- It is a prestigious project taken up by govt of AP to allot 1.5cents of free land for construction of house with collaboration of Govt of India ,State govt giving all the eligible People a full subsidiary loan under rural & Urban schemes such as PMAYU(Pradhanamantri Awas Yojana UDA ) ,YSR jaganna Rural Housing, from Mar 2020 to till date.

#### *Responsibilities:*

- **Layout Reports:** There will be an allotted govt layout for the identified Eligible people of the village to be part of the scheme.
- **Infrastructure Facilities Reports:**Infra facilities like Electricity, Water Resource ,Drainage, Roads etc.
- **Geotagging Reports:** same as the above projects
- **Mapping Reports:**
- **Registration Reports:**
- **Daily Reports:** Scheme processing, Beneficiaries reports, Events by Govt etc
- So there will a lot of data processing during these events ,as it is needed to prepare ,transform & visualize the data to public representatives as well as fellow employees as to make the event successful.
